Postgraduate Research Experience Survey (PRES)

The PRES provides robust, benchmark data from a large number of institutions across the UK and beyond to drive enhancement of the Postgraduate Research Experience.

The questions of particular interest to Computing and Library Services (CLS) which give us an insight of how you perceive the services we are responsible for providing are:

4.1 I have a suitable working space when I am on campus

4.2 I have a suitable working space when I am studying remotely

4.3 There is appropriate access to physical library resources and facilities

4.4 There is appropriate access to online library resources

4.5 There is appropriate access to IT resources and facilities when I am on-campus

4.6 I have access to the specialist resources necessary for my research (for example, equipment, facilities, software, materials) when I am on campus

4.7 I have access to the specialist resources necessary for my research (for example, course materials, software, virtual learning environment) when I am studying remotely

13.1 The support for academic skills meets my needs (for example, support for your writing, language, subject-specific skills)

13.2 The support for using IT and accessing resources meets my needs (for example, support with accessing online journals and e-books, using digital learning tools/apps)

We were pleased that results show we have continued to improve facilities and access:
