Contract Type

Age

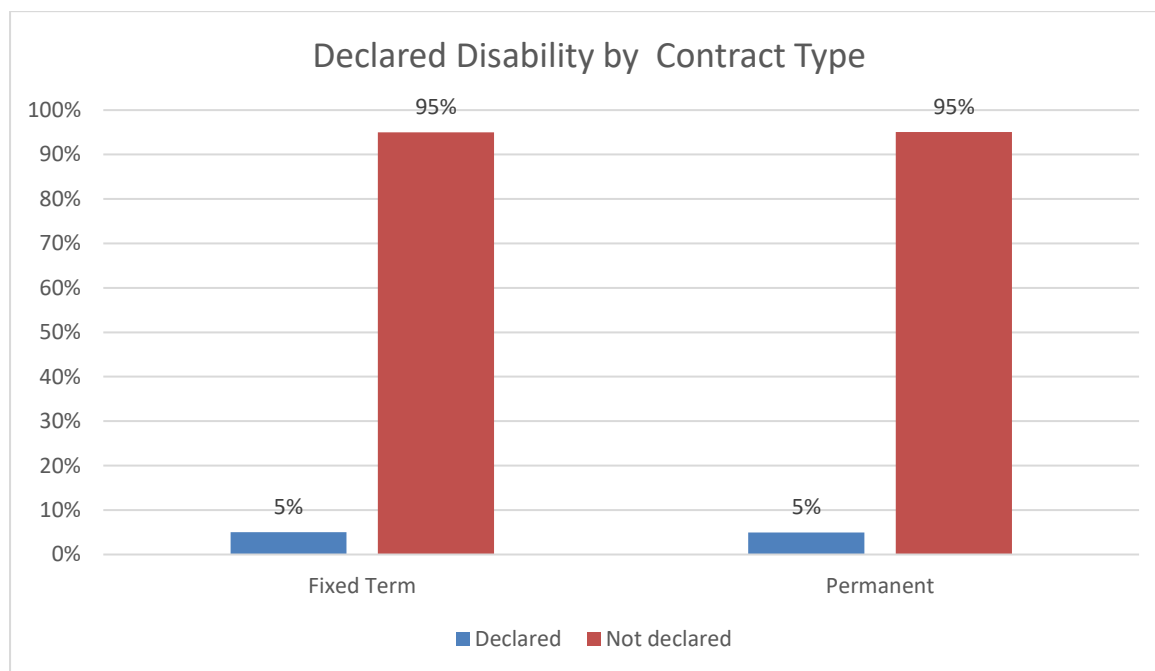

Contract Type	Under 25	25-39	40-49	50-59	60+
Fixed Term	14%	42%	20%	16%	9%
Permanent	1%	30%	30%	29%	10%

Commentary

The highest percentage of fixed term contracts are within the age range 25-39 with the lowest in 60+. The percentage of staff with permanent contracts is static in the bands 25-39, 40-49 and 50-59.

Disability¹

All Staff	Fixed Term	Permanent
Disabled	5%	5%
No known disability	95%	95%

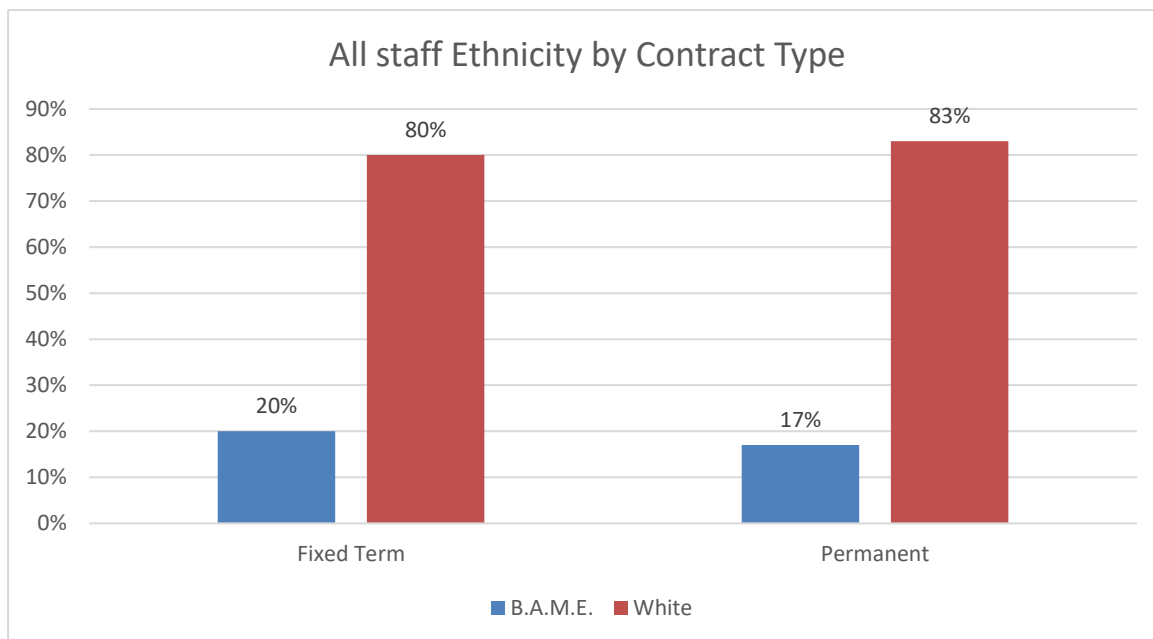

Commentary

There is no variance between those declaring disabilities in permanent roles and those in fixed term roles.

Declaration rates rely on an individual self-reporting using the HR self-service portal or through identification of a disability as part of casework management. Whilst some staff would meet the definition of disability under the Equality Act they do not consider themselves disabled and therefore do not declare.

¹ Disability is defined under the Equality Act 2010 as a physical or mental impairment that has a substantial and long-term negative effect on a person's ability to carry out normal daily activities.

Ethnicity

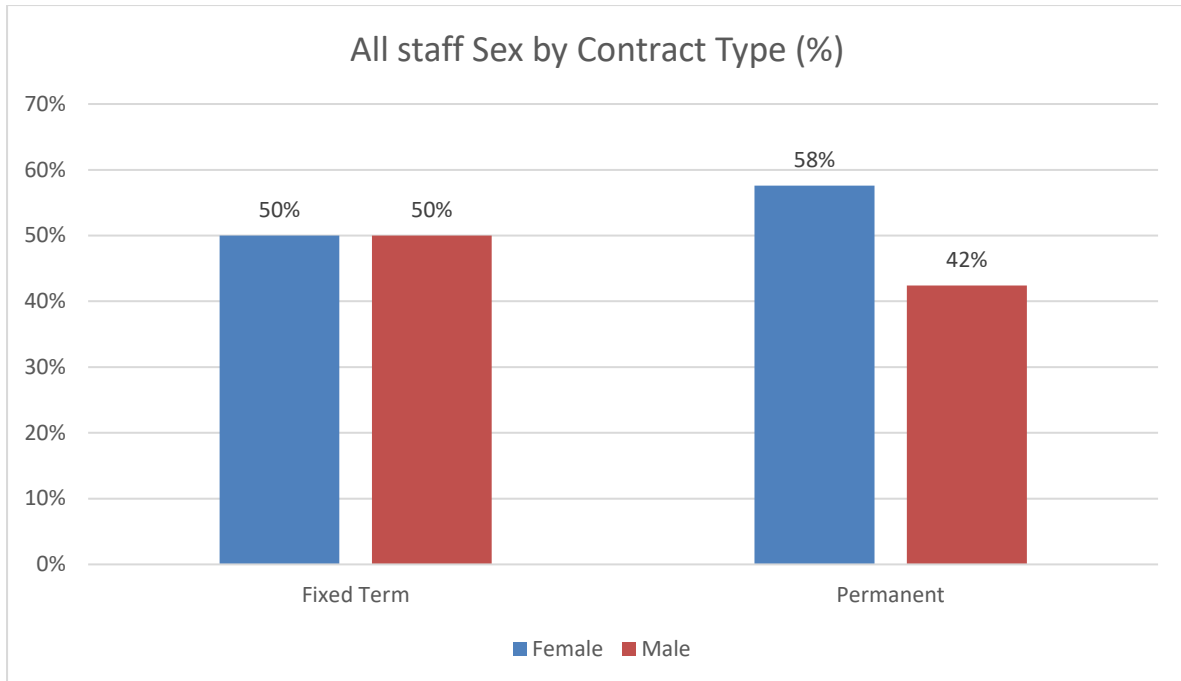

All Staff	Fixed Term	Permanent
B.A.M.E.	20%	17%
White	80%	83%
Prefer not to answer	0%	0%

Commentary

There is a higher percentage (+3%) of Black, Asian and minority ethnic staff on fixed terms contracts than those on permanent contracts.

Sex

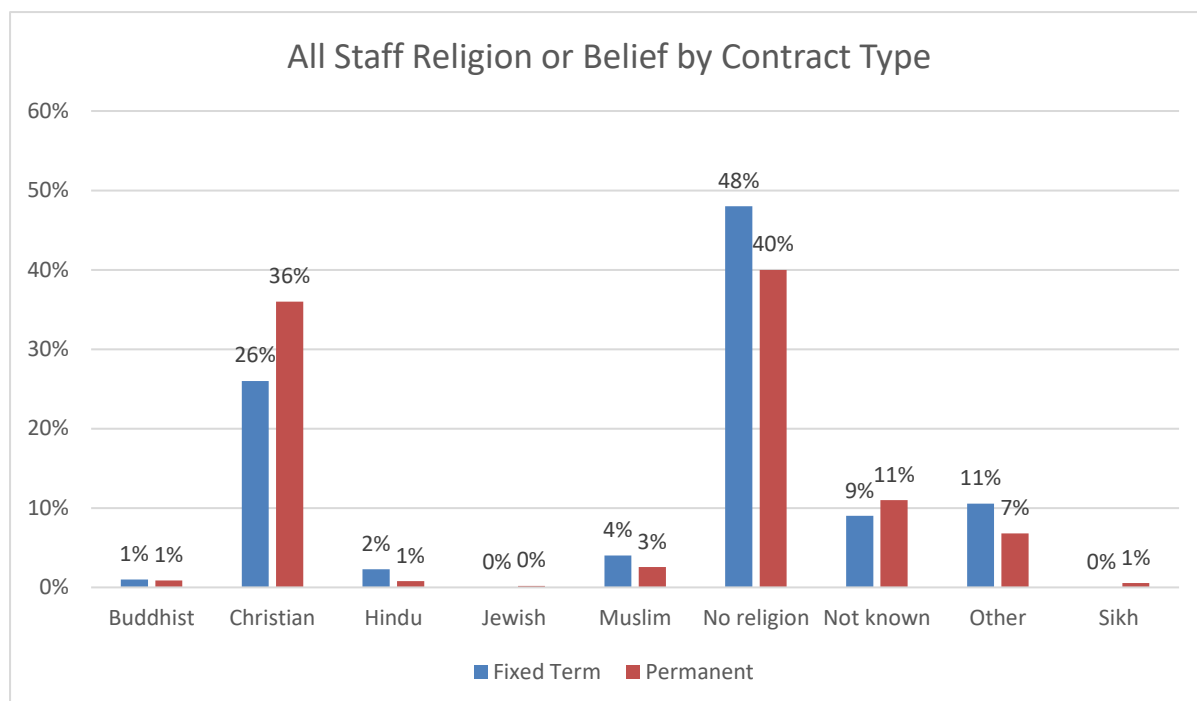

All Staff	Fixed Term	Permanent
Female	50%	58%
Male	50%	42%

Commentary

The percentage of female staff on fixed term contract is 8% lower than those on permanent contract. This is reversed for male staff.
