

# Information and Support for Carers in Kirklees

If you give time and energy, without being paid, to look after a family member or friend who can't manage on their own, then Carers Count could support you.

**0300 012 0231** [carerscount.org.uk](https://www.carerscount.org.uk)

**Looking after someone can be a positive experience but it can be challenging and exhausting both physically and emotionally.**

**Doing this with little or no support can be isolating and have a real impact on your health and other areas of your life.**

**Carers Count can work with you to look after your own wellbeing or other worries before they become too much for you to cope with, or get in the way of your ability to carry on your caring role.**

**Our service is happy to speak to people who are at the early stages of caring and help them prepare for their caring role, to people who have been carers for a while, and people who are moving on when their caring role has changed or ended.**
